

Overview & Development

Iowa Learning Online

ILO is an Iowa Department of Education initiative originally developed in 2004 to help Iowa high schools expand general ed student learning opportunities through online / ICN technology. This year, however, ILO has been asked to broaden its focus to include additional support for struggling learners.

- The ILO website provides at-a-distance classes being offered by...
 - ...Iowa Learning Online.
 - ...Iowa accredited high schools.
 - ...Iowa colleges.
- ILO is NOT a virtual school that awards credits and diplomas.
- ILO was NOT developed to supplant a school's responsibility to provide high school courses.
- ILO was NOT developed to undermine existing curriculum.
- Local schools control access to ILO classes by...
 - ...determining appropriate courses that match student needs.
 - ...enrolling students able to succeed in an online learning course.
 - ...seeking quality coaches to support student learning.

Development of Iowa Learning Online Classes

- Phase #1:** ILO hired five teachers to develop and offer at-a-distance classes. These ILO classes are currently being offered **FREE**:
GenBio, Anatomy/Physiology, Calculus, Chemistry, Physics, Pre-Calc.
- Phase #2:** ILO partnered with schools and teachers to offer additional classes. These ILO classes are currently being offered **FREE**:
Am Gov/Politics, Am History, English 9, English 10, World History.
- Phase #3** ILO is currently collaborating with school districts and community colleges to expand curriculum choice. These classes are being **SOLD** by offering schools: Algebra I, Algebra II, Am Government, Am History, Am Literature, AP Music Theory, Biology, British and World Lit, Chemistry, Critical Reading and Effective Writing, Earth Science, Economics, French, Fundamental Math, Geography and World Cultures, German, Geometry, Introduction to English Literature and Composition, Ornithology and Birds of Iowa, Physical Science, Physics, Pre-Algebra, Pre-Calculus, Skills for Health, Spanish, The Works of Shakespeare, World History.
- ILO will support schools' sharing of at-a-distance courses by...**
- ...paying ICN costs,
 - ...helping you access online platform licensing,
 - ...sharing ILO's online registration system,
 - ...posting classes on ILO web page.
 - ...facilitating regional class-sharing discussions with other districts.
